# An engaging way to learn in an inspiring environment

Eastnor Castle is delighted to introduce its new educational packages for visiting primary schools. The inspiring tours are designed to compliment the national curriculum at Key Stage 1, covering the topics:

- Castles & Knights
- Homes, Houses (and Gardens)
- The Lives of significant Individuals

The tours have the optional addition of a maths & science element, using the castle buildings to bring addition, subtraction, shapes and symmetry to life.

All tours are tailored to suit the needs of the visiting school.

A school visit to Eastnor Castle offers a wealth of opportunity for learning outside the classroom, development of key skills and curriculum enrichment within a fairy-tale location.

## Facilities

- Free coach parking
- Toilets and hand washing facilities
- Dedicated classroom space
- Lakeside & Arboretum
